What's Happening

With report cards going home in two weeks, the campus is eerily quiet today with teachers working hard inputting grades and individualized student comments.

Our annual Arts Under The Stars event will be held on March 14th. Upcoming will be our talent show auditions. There will be an announcement of the sign-up sheet and the auditions will follow soon thereafter.

Message from Mrs. Ingrid

"As you know the first event we are having to support the Capital Campaign is the show with The Edge Effect on February 20th at the Reilly Center for the performing Arts. We could use some help with ticket sales (they seem a little slow at this point), so if you please promote the event with your friends and family, it would help immensely.

Tickets are available at www.rebrand.ly/TheEdgeEffect

Thanks for all that you do."
